Why are our Awards So Important?

This will be our seventh year of delivering these awards for the most innovative and valuable cyber defense companies from around the globe. We've been a major media sponsor of the RSA Conference for years in the USA and are expanding throughout Europe and Asia as we deliver between 80 to 100 pages of a high quality, color, glossy print edition magazine to

thousands of attendees at the biggest InfoSec conference in the world, in these key locations. There is prestige associated for winners of these awards.

It helps with media coverage, sales, marketing, investment and credibility above the noise. With over 3,000 cyber defense companies around the globe boasting the best executives, team, products or services, we help you get above the noise of this large group – we only select a small number in select categories. It will be your opportunity to shine in the spotlight throughout year end of 2019 and beyond. We have the following growing INFOSEC and IT readership (many are cyber defense product and service buyers) professionals audience:

Social Media Status as of November 1, 2018:

- Over 100,000 InfoSec Readers, Monthly
- Over 153,000 InfoSec Twitter followers
- Over 38,000 InfoSec Facebook followers
- Top 1% of LinkedIn InfoSec profile, Top 3% Worldwide

All winners will be published in the annual year end Cyber Defense Magazine print edition and will have their award personally delivered to their booth by CDM during the RSA Conference 2019. If you are not at this conference you can easily arrange for us to ship you your award. There are also many options to help you leverage the marketing opportunities, electronically, throughout the year.

About Cyber Defense InfoSec Awards 2019

This is Cyber Defense Magazine's sixth year of honoring cyber defense innovators. Our submission requirements are for any startup, early stage, later stage or public companies in the INFORMATION SECURITY (INFOSEC) cyber defense space who believe they have a unique and compelling value proposition for their executives, products or services.

What Winners Will Receive:

Award logo shield and description published in the annual edition distributed throughout the RSA Conference 2019 in San Francisco, CA, USA.

Your Company's name and award-winning product in "Cyber Defense InfoSec Awards of 2019" listing in the printed edition of the magazine.

Unlimited full-page press release/ executive or product or service release /article promotion about the award that can be used by you for media circulation throughout the year.

Online downloadable PDF certificate and high quality acrylic award will be hand delivered to your booth or mailed. A high-resolution PDF of the award will be emailed to you for your press release along with the shared rights of award logo usage throughout the year.

While our Judges will decide (based upon follow up information we'll request from you) if you will be a finalist and possibly a winner for your category, these include four possible awards per category. They are "BEST", "HOTTEST", "EDITOR'S CHOICE", "MOST INNOVATIVE" and "NEXT GENERATION". If you already believe your product deserves one of these four award types in your category, simply make note of that in your communications with our team. We'll then follow-up with you, shortly, to collect more information about your company, products and/or services.

About the Judging

The judges are CISSP, FMDHS, CEH, certified security professionals who will be voting based on their independent review of the Company materials on the website of each submission including but not limited to data sheets, white papers, product literature and other market variables. CDM has a flexible philosophy to find more innovative players with great executives, new and unique technologies, than the one with the most customers or money in the bank. CDM is always asking "What's Next?" so we are looking for Next Generation Cyber Defense Products and Services. Announcements will be made for all our winners in our press release, at the RSA Conference expo and on our website on March 4, 2019.
